Dear Ms. Wagner:

Thank you again for submitting a list of data base records from the electronic files of the Dictionary of Occupational Titles about which you had a question. Also, thank you for putting the titles in alphabetical order.

As Mr. Larry Patterson, of my office, advised you in a recent telephone call, we have reviewed your list. The information on the enclosed pages confirms that which was provided over the telephone.

For those titles on your alphabetical list in which one of the titles in the pair is correct, we have checked the correct one of the pair. For those titles which require additional information, we have enclosed a more detailed explanation of the correction. Titles, in the latter group, which have the same DOT Code are grouped together.

We reviewed the MPSMS rating for the occupation of OPTOMETRIC ASSISTANT (medical ser.) 079.364-014. The correct code is 929 rather than 939.

Please let us know if you have any additional questions.

Sincerely,

Stanley M. Rose, Supervisor
